By Norman Goldman "Editor of Bookpleasures.com" (Montreal)

Although it has taken ten years since she last published 10 picture books over a span of 2 years, Cathy DeLittle has done it again with her recent, *Hamster Cheeks*.

DeLittle has fine-tuned a story that emanates from her vivid imagination and humorous insights that have been inspired from the antics of her young son Dominic.

Turning the pages of this sure-fire prize contender, I immediately became aware of the close cooperation of love between the author and the illustrator, Adam Milicevic that effectively transports the reader into the story's theme.

Hamster Cheeks' concise text combined with creative and vivid images focuses on what hamsters store in their cheeks. Although, it is expected that this little creature accumulate only the seeds and nuts they gather, occasionally they are insatiable and overindulge in stuffing their cheeks with all kinds of goodies as cakes, cookies, cotton candy, and bubble gum. It is the bubble gum that really gets hamsters into all kinds of trouble particularly when it sticks to its fur, thus making it very difficult to remove.

As in the case of humans, there is a price to be paid for any excessive pleasure in eating unhealthy treats. In the end the hamster is punished and is obliged to go to hamster school where it is required to write several times on the blackboard "I will not stuff my cheeks" for hamster cheeks must not store any other food than hamster food.

Hamster Cheeks is a fun read and a wonderful addition to DeLittle's collection. It will surely appeal to the 2-9 year olds with its simple but yet timeless message it conveys pertaining to the importance of good eating habits. Additionally, DeLittle keeps the story light-hearted, effectively integrating Milicevic's two-page spreads that seem to drift behind the printed word and broaden the visual appeal. In the end, both the written text and images compliment the appealing tone of the story that shies away from verse as it is narrated in articulate and unpretentious prose that perfectly lends itself to reading aloud.

This is one well-written and top-quality picture book I highly recommend for both parents and teachers who wish to help children understand the importance of good nutrition in an age where it seems junk food seems to frequently reign supreme.

Introducing... Mrs. Knoodle and her class!

The My Big Green Teacher books are a delightful collection for any child's library. Mrs. Knoodle, pronounced Ka-noodle, is the big, green teacher. In this six book series, Mrs. Knoodle's class learns simple yet valuable information with focus on topics like recycling and conservation. She uses her magic red skirt and three special little friends to assist her with teaching. Discover in each book how she surprises the class with her magic. It's a fun time for all.

Mrs. Knoodle's students love their quirky teacher with her odd ways and magic red skirt. Each classmate takes a turn guiding the reader through each book. Collect all six books and get to know all the kids one book at a time. Each book will take children on a wonderful journey as they learn how to recycle, conserve energy, save rainforests, oceans, land and waterways. Each book also includes a song they can sing and dance to, fun activities, interesting facts and a recycling pledge.

Remember! It's easy being green!

FORMAT: CASEBOUND; AGES: 2 - 8;
\$ 16.95; PAGES: 28; SIZE: 8.25 X 10.75

A perfect bedtime story. It's about a brother and sister who are best friends. It counts down all the different activities that they like to do together to number one — sitting next to a star. It teaches young siblings how to play cooperatively together. Pauly is more adventurous than Patti, but he is always considerate of Patti's fears and helps her to overcome them. Why? Because that's what brothers and sisters and best friends do for each other.

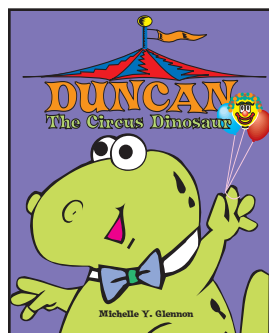

OWEN AND MZEE:
A Little Story About Big Love
EARLY READER / PICTURE BOOK
ISBN: 0-9787549-5-6; 978-0-9787549-5-2;
FORMAT: CASEBOUND; AGES: 2 - 8;
\$ 16.95; PAGES: 28; SIZE: 8.25 X 10.75

Based on the true story of Owen and Mzee, a baby hippopotamus and a 130 year-old tortoise. After the 2005 Tsunami, Owen, the baby hippo was orphaned. Wildlife rangers rescued him and brought him to the LaFarge Park. There, Owen immediately adopted Mzee as his surrogate mother. The story doesn't end there. Told in brilliant color illustrations, it's a wonderful story about the resilience of love and life.

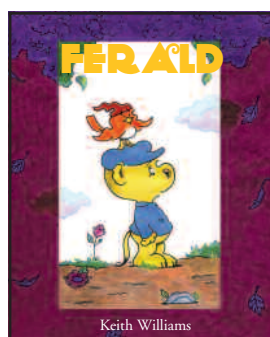

HEY! THERE'S A BUGALOO
EARLY READER / PICTURE BOOK
